persisterende aanwezigheid van
langlevende plasmacellen.

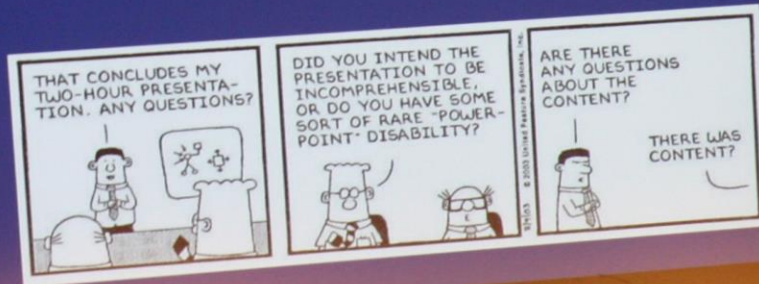

Conclusions:

- SCT should be considered in all sickle cell patients
- HLA identical donor gives best results
- If no HLA id donor: MUD or HAPLO is an option

The only good is knowledge and the only evil is ignorance.

Management is nothing more than motivating other people.

What survives what doesn't?

What survives what doesn't?

What survives what doesn't?
